IMPORTANT: Your pet may appear very thirsty or tired when they arrive home. Please be assured that your pet has had an ample amount of water while boarding. This

thirst is part of the homecoming and excitement. A word of caution: Do not give your dog a big bowl of water or food when they arrive home - by doing this you risk diarrhea or vomiting due to nerves and excitement. Let them settle first. Sleeping a lot for the first few days is normal, it is a busy time during your pets stay.. with tons of exercise :)
